## SUMMARY

---

UX/UI designer transitioning from a decade of marketing and digital communications leadership into product design, with hands-on experience leading UX strategy for a nationally scaled non-profit platform. Skilled at translating user research and data into interfaces that measurably improve usability, engagement, and operational efficiency. Seeking a UX/UI or Product Designer role in the Northern Virginia / DC metro market, bringing both design craft and a marketing leader's fluency in stakeholder communication and business impact.

## EDUCATION & CERTIFICATIONS

---

UI/UX Certification — George Washington University, Washington, DC

B.F.A., Advertising — William Carey University, Hattiesburg, MS

## EXPERIENCE

---

### **UX/UI Lead Designer***March 2021 – 2024*

*PROJECT90 — Remote (Pensacola, FL)*

- Directed overall UX/UI strategy for the Project90 platform, applying user-centric design methodologies to improve usability and functionality for non-profit case-management workflows.
- Implemented talk-to-text case notes using speech recognition integration, reducing manual data entry time by 40%.
- Developed community integrations via API utilization and system interoperability, cutting redundant data entry and increasing user satisfaction by 25%.
- Collaborated with software developers to integrate real-time data analytics, enabling non-profit managers to make informed decisions 50% faster.
- Designed for scalability to support up to 30,000 daily active users nationwide, leveraging cloud-based architecture for consistent performance under variable load.

### **Director of Marketing***November 2020 – 2021*

*90Works — Remote (Pensacola, FL)*

- Strategized and enhanced digital marketing approaches that increased web traffic and user engagement by over 50% within a year, using analytics and SEO optimization.
- Led development and launch of a multi-channel campaign that boosted organizational awareness by 40% and increased donor contributions by 30%.
- Implemented advanced data analytics tools that improved campaign response rates by 35% through A/B testing and data-driven iteration.

### **Marketing Specialist, Contractor***October 2017 – November 2020*

*90Works — Remote (Pensacola, FL)*

- Developed and executed targeted marketing strategies that boosted visibility and user engagement by over 60% through data-driven digital marketing practices.
- Managed end-to-end content creation across digital platforms, achieving a 25% increase in content engagement through consistent quality control.
- Spearheaded social media and email campaigns that doubled audience reach within two years through strategic content scheduling and segmentation.

### **Digital Communications Strategist***January 2013 – October 2017*

*90Works — Pensacola, FL*

- Directed social media strategy, achieving 70% growth in the organization's online community and a 50% increase in engagement across channels.
- Created and curated content highlighting client success stories and organizational milestones, increasing follower interaction by 40%.

- Implemented targeted advertising campaigns that increased donations and program support by 30%.
